Topic Addressed:

- INTRODUCTION REGARDING SKILL STATIONS
- STATION 1 - GIVEN SCENARIO
- STATION 2 - PROCEDURE OF VITAL SIGNS USING BAG TECHNIQUE
- STATION 3 - HEALTH EDUCATION
- STATION 4 - VIVA

Under the guidance of Prof. Dr. Madhuri Shelke (Principal, INER, Pune) and the Dr. Perpetua Fernandes (Vice Principal) along with COMMUNITY HEALTH NURSING subject teacher Ms. SunitaNavghanep perform the skill station of Vital signs using Bag Technique for Fourth year BSc. Students along with First year ANM students.

To develop skills, hands on training through skill station onVital signs using Bag Technique conducted. The goal of the skills station was to improve the community knowledge and get the skill to handle the patient in community area and how the care to be done in specific condition as well as the community area. At the beginning of the session, knowledge was assessed by asking various questions.

1. What is the skill station and why we are using OSCE.
2. Purposes /Indications of Vital signs using Bag Technique.

In station-1 student read the patient scenario and follow the instructions which was written on card.

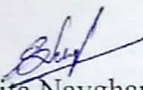

Station 2 performed the steps of procedure as per the check list.

Station -3 students wrote Health education to the patient.

Station 4 student had attended the Viva of observer.

During skills Station students actively participated. Session was beneficiary for students and cleared the doubt regarding Vital signs using Bag Technique and OSCE.

The skill station ended with vote of Thanks.
